

The owner or person in possession of an area for which designation is terminated will be given notice of the termination as soon as practicable.

(c) The areas described below are designated as quarantined areas: There are no areas in the continental United States quarantined for the sapote fruit fly.

[68 FR 24610, May 8, 2003, as amended at 68 FR 43286, July 22, 2003]

§ 301.99-4 Conditions governing the interstate movement of regulated articles from quarantined areas.

Any regulated article may be moved interstate from a quarantined area³ only if moved under the following conditions:

(a) With a certificate or limited permit issued and attached in accordance with §§ 301.99-5 and 301.99-8;

(b) Without a certificate or limited permit if:

(1) The regulated article originated outside the quarantined area and is either moved in an enclosed vehicle or is completely enclosed by a covering adequate to prevent access by sapote fruit flies (such as canvas, plastic, or other closely woven cloth) while moving through the quarantined area; and

(2) The point of origin of the regulated article is indicated on the waybill, and the enclosed vehicle or the enclosure that contains the regulated article is not opened, unpacked, or unloaded in the quarantined area; and

(3) The regulated article is moved through the quarantined area without stopping except for refueling or for traffic conditions, such as traffic lights or stop signs.

(c) Without a certificate or limited permit if the regulated article is moved:

(1) By the United States Department of Agriculture for experimental or scientific purposes;

(2) Pursuant to a departmental permit issued by the Administrator for the regulated article;

(3) Under conditions specified on the departmental permit and found by the Administrator to be adequate to pre-

vent the spread of the sapote fruit fly; and

(4) With a tag or label bearing the number of the departmental permit issued for the regulated article attached to the outside of the container of the regulated article or attached to the regulated article itself if not in a container.

(Approved by the Office of Management and Budget under control number 0579-0222)

§ 301.99-5 Issuance and cancellation of certificates and limited permits.

(a) A certificate may be issued by an inspector⁴ for the interstate movement of a regulated article if the inspector determines that:

(1)(i) The regulated article has been treated under the direction of an inspector in accordance with § 301.99-10; or

(ii) Based on inspection of the premises of origin, the premises are free from the sapote fruit fly; or

(iii) Based on inspection of the regulated article, the regulated article is free of sapote fruit flies; and

(2) The regulated article will be moved through the quarantined area in an enclosed vehicle or will be completely enclosed by a covering adequate to prevent access by the sapote fruit fly; and

(3) The regulated article is to be moved in compliance with any additional emergency conditions the Administrator may impose under section 414 of the Plant Protection Act (7 U.S.C. 7714)⁵ to prevent the spread of the sapote fruit fly; and

⁴Services of an inspector may be requested by contacting local offices of Plant Protection and Quarantine, which are listed in telephone directories. The addresses and telephone numbers of local offices may also be obtained from the McAllen Work Station, Federal Building Suite 119, 320 North Main, McAllen, TX 78501-4699, or the APHIS Web site at <http://www.aphis.usda.gov/travel/aqi.html>.

⁵Section 414 of the Plant Protection Act (7 U.S.C. 7714) provides that the Secretary of Agriculture may, under certain conditions, hold, seize, quarantine, treat, apply other remedial measures to destroy or otherwise dispose of any plant, plant pest, plant product, article, or means of conveyance that is moving, or has moved into or through the United

³Requirements under all other applicable Federal domestic plant quarantines and regulations must also be met.
